HDPE 5L & 10L Veterinary Containers

High-capacity HDPE containers for veterinary liquid packaging and bulk animal healthcare products.

HDPE BOTTLES, JARS & CONTAINERS

Product Details		Specification		Key Notes
Size	5 LTR; 10 LTR	Product Code	M10L; M5L	☒ Leak-resistant packaging format ☒ Suitable for bulk and B2B supply ☒ Custom neck and fitment options
Mouth	WIDE + NARROW	Inner Plug	YES	
Handle	STEEL	Vented	Not specified	
Material	HDPE	Mainly Used In	Veterinary, Animal Healthcare, Dairy products	

Availability / Enquiry

MOQ: 2500 pcs. Colours: all colours available. Size availability, neck fitment, cap matching, inner plug compatibility and dispatch planning can be confirmed during enquiry.

HDPE 1L & 2L Veterinary Containers

HDPE BOTTLES, JARS & CONTAINERS

Durable HDPE veterinary containers for animal healthcare, supplements and liquid veterinary formulations.

Product Details		Specification		Key Notes
Size	2 LTR; 1 LTR	Product Code	M2L; M1L	☒ Leak-resistant packaging format ☒ Suitable for bulk and B2B supply ☒ Custom neck and fitment options
Mouth	NARROW	Inner Plug	YES	
Handle	PLASTIC	Vented	Not specified	
Material	HDPE	Mainly Used In	Veterinary, Healthcare	

Availability / Enquiry

MOQ: 2500 pcs. Colours: all colours available. Size availability, neck fitment, cap matching, inner plug compatibility and dispatch planning can be confirmed during enquiry.

HDPE EMIDA Bottles

HDPE EMIDA bottles for pharma, veterinary and liquid packaging applications in multiple sizes.

HDPE BOTTLES, JARS & CONTAINERS

Product Details		Specification		Key Notes
Size	1 LTR; 500 ML; 250 ML	Product Code	EM1L; EM500ML; EM250ML	☒ Controlled pouring with narrow/regular neck options ☒ Compatible with sealing systems ☒ Suitable for liquid formulations
Mouth	REGULAR	Inner Plug	YES	
Handle	No	Vented	YES	
Material	HDPE	Mainly Used In	Pharma, Veterinary, Liquid Packaging	

Availability / Enquiry

MOQ: 2500 pcs. Colours: all colours available. Size availability, neck fitment, cap matching, inner plug compatibility and dispatch planning can be confirmed during enquiry.

HDPE PB Square Bottles

Compact HDPE PB square bottles for chemical, pharma, agrochemical and industrial packaging.

HDPE BOTTLES, JARS & CONTAINERS

Product Details		Specification		Key Notes
Size	1100 ML; 750 ML; 500 ML	Product Code	PB1100ML; PB750ML; PB500ML	☒ Efficient square footprint
Mouth	WIDE	Inner Plug	YES	☒ Wide mouth for filling and dispensing
Handle	No	Vented	No	☒ Suitable for pharmaceutical and industrial use
Material	HDPE	Mainly Used In	Chemical, Pharma, Agrochemical	

Availability / Enquiry

MOQ: 2500 pcs. Colours: all colours available. Size availability, neck fitment, cap matching, inner plug compatibility and dispatch planning can be confirmed during enquiry.

HDPE Round Bottles

Round HDPE bottles for pharmaceutical, chemical, veterinary and general liquid packaging.

HDPE BOTTLES, JARS & CONTAINERS

Product Details		Specification		Key Notes
Size	1 LTR; 500 ML; 250 ML	Product Code	RB1L; RB500ML; RB250ML	☒ Classic round form with uniform strength ☒ Suitable for automated filling and capping ☒ Multiple neck and closure options
Mouth	NARROW	Inner Plug	YES	
Handle	No	Vented	YES	
Material	HDPE	Mainly Used In	Pharma, Chemical, Veterinary	

Availability / Enquiry

MOQ: 2500 pcs. Colours: all colours available. Size availability, neck fitment, cap matching, inner plug compatibility and dispatch planning can be confirmed during enquiry.

HDPE 5L Jerry Can

Strong 5 litre HDPE jerry can for chemical, lubricant, agrochemical and industrial liquid packaging.

HDPE BOTTLES, JARS & CONTAINERS

Product Details		Specification		Key Notes
Size	5 LTR	Product Code	SJC5L; OJC5L	☒ Heavy-duty design for bulk liquids ☒ Integrated handle for lifting and pouring ☒ Compatible with sealing cap systems
Shape	SQUARE; OVAL	Inner Plug	YES	
Mouth	REGULAR	Vented	YES	
Material	HDPE	Mainly Used In	Chemical, Lubricant, Agrochemical	

Availability / Enquiry

MOQ: 2500 pcs. Colours: all colours available. Size availability, neck fitment, cap matching, inner plug compatibility and dispatch planning can be confirmed during enquiry.

HDPE Dual Neck Bottle

Dual neck HDPE bottle for measured dosing, agrochemical, chemical and specialty liquid packaging.

HDPE BOTTLES, JARS & CONTAINERS

Product Details		Specification		Key Notes
Size	1 LTR	Product Code	DN1L	☒ Controlled dispensing through secondary neck
Mouth	NARROW	Inner Plug	YES	☒ Compatible with dosing systems
Handle	No	Vented	Not specified	☒ Leak-resistant threading
Material	HDPE	Mainly Used In	Agrochemical, Chemical	

Availability / Enquiry

MOQ: 2500 pcs. Colours: all colours available. Size availability, neck fitment, cap matching, inner plug compatibility and dispatch planning can be confirmed during enquiry.

HDPE Liver Bottles

HDPE liver bottles for veterinary, animal healthcare and liquid supplement packaging.

HDPE BOTTLES, JARS & CONTAINERS

Product Details		Specification		Key Notes	
Size	1 LTR; 500 ML	Product Code	LIV1L; LIV500ML	☒	Tamper-evident cap option
Mouth	NARROW	Inner Plug	YES	☒	Ergonomic shape for handling and pouring
Handle	No	Vented	YES	☒	UV-stabilized material option
Material	HDPE	Mainly Used In	Veterinary, Animal Healthcare		

Availability / Enquiry

MOQ: 2500 pcs. Colours: all colours available. Size availability, neck fitment, cap matching, inner plug compatibility and dispatch planning can be confirmed during enquiry.

HDPE Long Neck Bottle for Cattle Feed

Long neck HDPE bottle designed for cattle feed, veterinary supplement and animal care packaging.

HDPE BOTTLES, JARS & CONTAINERS

Product Details		Specification		Key Notes	
Size	300 ML	Product Code	LN300ML	☒	Precise pouring and controlled dispensing
Mouth	NARROW	Inner Plug	YES	☒	Leak-proof screw cap compatibility
Handle	No	Vented	YES	☒	Suitable for industrial liquid products
Material	HDPE	Mainly Used In	Cattle Feed, Veterinary		

Availability / Enquiry

MOQ: 2500 pcs. Colours: all colours available. Size availability, neck fitment, cap matching, inner plug compatibility and dispatch planning can be confirmed during enquiry.

HDPE Lubricant & Oil Bottle

HDPE bottle for lubricant, oil, automotive fluid and industrial liquid packaging applications.

HDPE BOTTLES, JARS & CONTAINERS

Product Details		Specification		Key Notes
Size	1 LTR	Product Code	VIS1L	☒ Leak-resistant packaging format ☒ Suitable for industrial liquid packaging ☒ Neck and fitment can be discussed
Mouth	NARROW / STANDARD	Inner Plug	YES / As per fitment	
Handle	No	Vented	no	
Material	HDPE	Mainly Used In	Lubricant, Oil, Industrial	

Availability / Enquiry

MOQ: 2500 pcs. Colours: all colours available. Size availability, neck fitment, cap matching, inner plug compatibility and dispatch planning can be confirmed during enquiry.

HDPE Square Ribbed Bottle

Square ribbed HDPE bottle for chemical, pharma, agrochemical and industrial packaging requirements.

HDPE BOTTLES, JARS & CONTAINERS

Product Details		Specification		Key Notes
Size	500 ML; 1 LTR	Product Code	SRB500ML; SRB1L	☒ Ribbed side grip improves handling ☒ Stackable square structure ☒ Smooth labeling surfaces
Mouth	WIDE	Inner Plug	YES	
Handle	No	Vented	Not specified	
Material	HDPE	Mainly Used In	Pharma, Chemical, Bulk Materials	

Availability / Enquiry

MOQ: 2500 pcs. Colours: all colours available. Size availability, neck fitment, cap matching, inner plug compatibility and dispatch planning can be confirmed during enquiry.

HDPE Tablet Container

HDPE tablet container for pharmaceutical, nutraceutical and healthcare packaging use.

HDPE BOTTLES, JARS & CONTAINERS

Product Details		Specification	Key Notes
Size	50 ML; 100 ML	Product Code	TC50ML; TC100ML
Mouth	REGULAR	Inner Plug	YES
Handle	No	Vented	No
Material	HDPE	Mainly Used In	Pharma, Nutraceutical
			☒ Wide mouth for filling and dispensing ☒ Moisture and contamination resistance ☒ Suitable for tablets, capsules and powders

Availability / Enquiry

MOQ: 2500 pcs. Colours: all colours available. Size availability, neck fitment, cap matching, inner plug compatibility and dispatch planning can be confirmed during enquiry.

Cap for Jar & Container

Cap and closure solution for plastic jars, containers and industrial packaging formats.

CAPS & CLOSURES

Product Details		Specification	Key Notes
Type	Standard Jar cap / closure	Product CodeJP-CAP-001	☒ Designed for secure closure fitment
Size	Compatible sizes	Compatible WithBottle / jar / container as per size	☒ Available as per bottle/jar compatibility
Material	Plastic	Inner PlugCompatible where required	☒ Suitable for industrial and consumer packaging
Finish	Plastic moulded finish	Mainly Used InJar, Container, Industrial	

Availability / Enquiry

MOQ: 2500 pcs. Colours: all colours available. Size availability, neck fitment, cap matching, inner plug compatibility and dispatch planning can be confirmed during enquiry.

Child Lock Closure

Child lock closure for selected bottle and container packaging applications.

CAPS & CLOSURES

Product Details		Specification	Key Notes
Type	Child lock closure	Product CodeJP-CAP-002	☒ Designed for secure closure fitment
Size	43mm, 52mm, 48mm , other...	Compatible WithBottle / jar / container as per size	☒ Selected bottle compatibility
Material	Plastic	Inner PlugCompatible where required	☒ Suitable for safety-focused packaging
Finish	Plastic moulded finish	Mainly Used InChemical, Pharma, Safety Packaging	

Availability / Enquiry

MOQ: 2500 pcs. Colours: all colours available. Size availability, neck fitment, cap matching, inner plug compatibility and dispatch planning can be confirmed during enquiry.

Plastic Cap for Bottle

Plastic cap for HDPE and PET bottle packaging compatibility.

CAPS & CLOSURES

Product Details		Specification	Key Notes
Type	Standard cap / closure	Product CodeJP-CAP-003	☒ Designed for secure closure fitment
Size	Contact for sizes	Compatible WithBottle / jar / container as per size	☒ Available as per bottle/jar compatibility
Material	Plastic	Inner PlugCompatible where required	☒ Suitable for industrial and consumer packaging
Finish	Plastic moulded finish	Mainly Used InBottle Packaging	

Availability / Enquiry

MOQ: 2500 pcs. Colours: all colours available. Size availability, neck fitment, cap matching, inner plug compatibility and dispatch planning can be confirmed during enquiry.

Plastic Jar Cap Closure

Plastic jar cap closure for jars, containers and product packaging needs.

CAPS & CLOSURES

Product Details		Specification	Key Notes
Type	Standard cap / closure	Product CodeJP-CAP-004	☒ Designed for secure closure fitment
Size	Contact for sizes	Compatible WithBottle / jar / container as per size	☒ Available as per bottle/jar compatibility
Material	Plastic	Inner PlugCompatible where required	☒ Suitable for food and FMCG packaging
Finish	Plastic moulded finish	Mainly Used InJar, Food, FMCG	

Availability / Enquiry

MOQ: 2500 pcs. Colours: all colours available. Size availability, neck fitment, cap matching, inner plug compatibility and dispatch planning can be confirmed during enquiry.

Plastic Locking Cap for Bottles

Locking cap solution for selected bottle packaging and secure closure applications.

CAPS & CLOSURES

Product Details		Specification	Key Notes
Type	Locking closure	Product CodeJP-CAP-005	☒ Designed for secure closure fitment
Size	Contact sizes	Compatible WithBottle / jar / container as per size	☒ Available as per bottle/jar compatibility
Material	Plastic	Inner PlugCompatible where required	☒ Suitable for industrial and consumer packaging
Finish	Plastic moulded finish	Mainly Used InSecure Bottle Packaging	

Availability / Enquiry

MOQ: 2500 pcs. Colours: all colours available. Size availability, neck fitment, cap matching, inner plug compatibility and dispatch planning can be confirmed during enquiry.

Regular Plastic Cap for Bottle

Regular plastic cap for standard bottle packaging and closure compatibility.

CAPS & CLOSURES

Product Details		Specification	Key Notes
Type	Standard cap / closure	Product CodeJP-CAP-006	☒ Designed for secure closure fitment
Size	Compatible sizes	Compatible WithBottle / jar / container as per size	☒ Available as per bottle/jar compatibility
Material	Plastic	Inner PlugCompatible where required	☒ Suitable for standard bottle packaging
Finish	Plastic moulded finish	Mainly Used InStandard Bottle Packaging	

Availability / Enquiry

MOQ: 2500 pcs. Colours: all colours available. Size availability, neck fitment, cap matching, inner plug compatibility and dispatch planning can be confirmed during enquiry.

Special Locking Cap for Square Chemical Bottle

Special locking cap designed for square chemical bottle packaging applications.

CAPS & CLOSURES

Product Details		Specification	Key Notes
Type	Locking closure	Product Code JP-CAP-007	☒ Designed for secure closure fitment
Size	Compatible sizes	Compatible With Bottle / jar / container as per size	☒ Square bottle compatibility
Material	Plastic	Inner Plug Compatible where required	☒ Suitable for chemical packaging
Finish	Plastic moulded finish	Mainly Used In Chemical, Square Bottle	

Availability / Enquiry

MOQ: 2500 pcs. Colours: all colours available. Size availability, neck fitment, cap matching, inner plug compatibility and dispatch planning can be confirmed during enquiry.

Plastic Screw Cap for Bottles, Jar & Container

Plastic screw cap for bottles, jars and containers across multiple packaging formats.

CAPS & CLOSURES

Product Details		Specification	Key Notes
Type	Screw closure	Product CodeJP-CAP-008	☒ Designed for secure closure fitment
Size	Compatible sizes	Compatible WithBottle / jar / container as per size	☒ Available for multiple packaging formats
Material	Plastic	Inner PlugCompatible where required	☒ Suitable for industrial and consumer packaging
Finish	Plastic moulded finish	Mainly Used InBottle, Jar, Container	

Availability / Enquiry

MOQ: 2500 pcs. Colours: all colours available. Size availability, neck fitment, cap matching, inner plug compatibility and dispatch planning can be confirmed during enquiry.

Push Cap for Bottle

Push cap for selected bottle packaging applications without screw closure requirement.

CAPS & CLOSURES

Product Details		Specification	Key Notes
Type	Push fit closure	Product CodeJP-CAP-009	☒ Designed for secure closure fitment
Size	Compatible sizes	Compatible WithBottle / jar / container as per size	☒ Push-fit alternative to screw closure
Material	Plastic	Inner PlugCompatible where required	☒ Suitable for selected bottle packaging
Finish	Plastic moulded finish	Mainly Used InPush Cap Bottle Packaging	

Availability / Enquiry

MOQ: 2500 pcs. Colours: all colours available. Size availability, neck fitment, cap matching, inner plug compatibility and dispatch planning can be confirmed during enquiry.

Vented Inner Plug - All Sizes

Vented inner plugs in multiple sizes for bottle, jar and container packaging.

INNER PLUGS

Product Details		Specification	Key Notes
Type	Vented inner plug	Product Code JP-PLUG-001	☒ Supports sealing and controlled fitment
Size	All sizes	Fitment Bottle / jar / container fitment	☒ Available in selected sizes
Material	Plastic	Handle Not applicable	☒ Used with compatible cap and bottle systems
Venting	YES	Mainly Used In Bottle, Jar, Container	

Availability / Enquiry

MOQ: 2500 pcs. Colours: all colours available. Size availability, neck fitment, cap matching, inner plug compatibility and dispatch planning can be confirmed during enquiry.

Small Vented Inner Plug

INNER PLUGS

Small vented inner plug for selected bottle and container packaging fitment.

Product Details		Specification		Key Notes
Type	Vented inner plug	Product Code	JP-PLUG-002	☒ Supports sealing and controlled fitment ☒ Available in selected sizes ☒ Used with compatible cap and bottle systems
Size	Small	Fitment	Bottle / jar / container fitment	
Material	Plastic	Handle	Not applicable	
Venting	YES	Mainly Used In	Bottle, Container	

Availability / Enquiry

MOQ: 2500 pcs. Colours: all colours available. Size availability, neck fitment, cap matching, inner plug compatibility and dispatch planning can be confirmed during enquiry.

Plastic Inner Plug for Jar & Container

Plastic inner plug for jar, container and industrial packaging support.

INNER PLUGS

Product Details		Specification		Key Notes	
Type	Plastic inner plug	Product Code	JP-PLUG-003	☒	Supports sealing and controlled fitment
Size	Compatible sizes	Fitment	jar / container fitment	☒	Available in selected sizes
Material	Plastic	Handle	Not applicable	☒	Used with compatible cap and bottle systems
Venting	No / As per product	Mainly Used In	Jar, Container		

Availability / Enquiry

MOQ: 2500 pcs. Colours: all colours available. Size availability, neck fitment, cap matching, inner plug compatibility and dispatch planning can be confirmed during enquiry.

All Size Inner Plugs for Bottle, Jar & Container

Inner plugs in multiple sizes for bottles, jars and containers.

INNER PLUGS

Product Details		Specification		Key Notes
Type	Plastic inner plug	Product Code	JP-PLUG-004	☒ Supports sealing and controlled fitment ☒ Available in selected sizes ☒ Used with compatible cap and bottle systems
Size	All sizes	Fitment	Bottle / jar / container fitment	
Material	Plastic	Handle	Not applicable	
Venting	No / As per product	Mainly Used In	Bottle, Jar, Container	

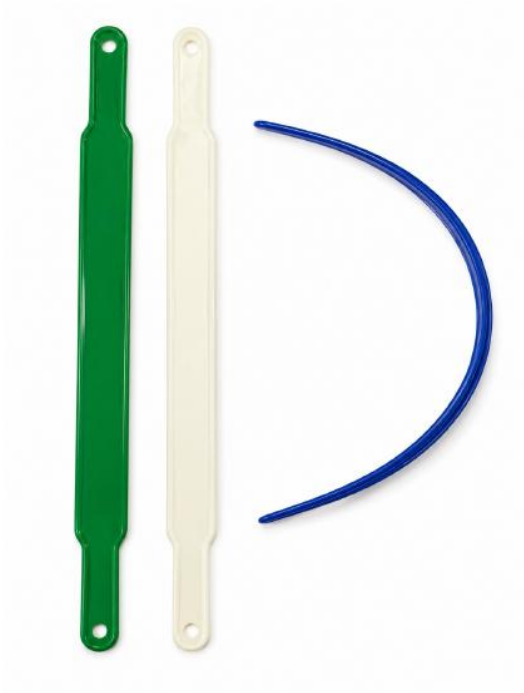

Availability / Enquiry

MOQ: 2500 pcs. Colours: all colours available. Size availability, neck fitment, cap matching, inner plug compatibility and dispatch planning can be confirmed during enquiry.

Plastic Handle for Jar & Container

Durable plastic handles for jars, containers and industrial packaging formats.

HANDLES

Product Details		Specification	Key Notes
Type	Plastic handle	Product Code JP-HANDLE-001	☒ Improves carrying convenience
Size	Compatible sizes	Compatible With Jar / container as per design	☒ Suitable for selected jars and containers
Material	Plastic	Inner Plug Not applicable	☒ Compatibility depends on container design
Finish	Plastic moulded finish	Mainly Used In Jar, Container	

Availability / Enquiry

MOQ: 2500 pcs. Colours: all colours available. Size availability, neck fitment, cap matching, inner plug compatibility and dispatch planning can be confirmed during enquiry.

Steel Powder Coated Handle for Jar & Container

Powder-coated steel handles for selected jars, containers and heavy-duty packaging applications.

HANDLES

Product Details		Specification	Key Notes
Type	Steel powder coated handle	Product CodeJP-HANDLE-002	☒ Improves carrying convenience
